

Exercise Title: **Object game**

Recommended group size/type: 8-20

Recommended time: 1 hour

Preparation time: 30 min.

AIMS and objectives (general, concrete) *To get to know different cultural traits through objects in a fun way, to understand that something unfamiliar can have a familiar meaning.*

Resources required: *10 objects/clothes/pictures/scents/plants/spices etc. from different parts of the world, from different groups etc*

Introduction: Make pairs or little groups. Groups will go around one object at a time and guess what is the meaning, purpose or what is the object used for. There will be ten different objects/pictures etc. within the room with numbers from 1 to 10. Time is limited to 1-2 min. per object. Participants will write down the results. After all participants are ready, the trainer will tell the right answers. It is good to have a discussion. If the participants are young, it is also possible to count the right answers and have the winner.

Trainer activity:

- to prepare the game
- to explain the game
- keep the track on time
- Explain the objects' meanings etc.

Participants activity:

- to guess and discuss about the objects
- work as a pair or a group
